Question I-1: Section I.35: Please delete Section I.35 (FAR 52.219-14(b)(1) (Limitation on Subcontracting)), which is only applicable to small business set aside contracts.

Answer: Reference Section H.14 Ordering Procedures and Section I.35 FAR 52.219-14 Limitations on Subcontracting. The clause will not be deleted. If a Task Order acquisition is set-aside for competition by the small businesses contract holders in accordance with H.14 (c)(1), Section I.35 FAR 52.219-14 Limitations on Subcontracting, will be applicable to the task order acquisition and the resultant task order. For this reason, the Limitations on Subcontracting clause has been included in the contract with the designation "(Applicable to Task Orders Set Aside for Small Business Participation)".
